Ocean Beach Library Community Feedback

Welcome!

We would like to thank everyone for your interest in the Ocean Beach Library Expansion. We are excited to hear from you and will be reviewing all the feedback from tonight's meeting to move the design forward. Please leave these sheets with us today or you can fill out the survey on-line by scanning the OR codes that you will see on the boards.

The community of Ocean Beach is as unique as it is diverse, please provide your input in consideration that will best meet the community needs.

Board 3 - Project Constraints

We do have many constraints on this project, some of which are included on the boards provided. Some affect time/money, while others affect design.

Board 4- Floor Plan

The Floor Plan meets the operational needs for the Library and incorporates the critical Community needs by including a new meeting space (designed to accommodate up to 100 people) and an outdoor patio. If you have any comments that would further meet the community needs, please provide comments.

Please note the existing Historic portion of the library is based on "Spanish-Monterey Architecture" and cannot be altered due to it being a designated as an Historic Resource. In addition, based on the Department of the Interior's Standards for additions to a "Historic Resource" New additions must preserve the building's historic character, while being differentiated from the historically designated portion of the building.

*Include information about your preferred colors, materials, styling, roof type, windows, fencing, etc.

☐ Board 5- Elevation Options - Concept 1 Modern Adaptation of Spanish Monterey

☐ Board 6- Elevation Options - Concept 2 Modular Flexibility that open in the community room. I think that will be an important thing for the community room Board 7- Elevation Options - Concept 3 Modern/Movement I like the modern contrast to existing building Looks like higher ceiling in the community rem.

Board 8- Landscape Options

There are 2 options regarding Landscaping. We have a Drought Tolerant choice which will feature succulents and other Native plants as well as a Mediterranean choice which also would require low-water plants that are more "tropical" nature.

· Which Option/Style do you prefer? Mediterration

· Why? we are not dosent

How would you like to see the Courtyard utilized?

Additional comments?

Bit of a puzzle to me. How to integrate in library function. It will have the tendemy to servelog into a homeloss encarporate

Board 9- Furnishing Options

While many of the interior aesthetics will be worked out later, at this time we hope to identify the most desirable furnishings for the space created. Please take a look at the options and let us know:
